

Husqvarna AZ 56

Husqvarna AZ is a reliable, effective and inexpensive series of mechanical concrete vibrators, designed for medium-sized construction sites. Powered by modern petrol or diesel drive units, this mechanical pendulum vibrator offers reliable performance and usability. The ergonomic design reduces vibrations, while the use of durable materials contributes to a long service life. It also features a durable quick coupling with flexible shaft.

FEATURES

Want to take a closer look? Learn more about the product in depth by exploring its features and benefits.

Extend your reach

A lengthy five-meter hose provides excellent reach around the worksite, giving you more control.

Built to last

The use of induction-hardened magnesium steel alloy in the major wearing parts and steel reinforcement in the rubber hose contribute to a long service life.

Smart and easy to transport

To reduce weight, the pendulum shaft turns directly inside the end cap.

Simple, cost-effective maintenance

The overall simplicity of the design ensures maintenance is easy and inexpensive.
