

Husqvarna LT 8005

LT 8005 is our heaviest rammer with the widest foot. It is well-balanced and powerful, developed for efficient compaction of granular and cohesive soils such as clay and silt. Ideal for compaction in trenches or other narrow spaces, such as around pillars and pipes. Equipped with a Hatz 1B20 diesel engine, it delivers deep compaction thanks to a combination of high centrifugal force and high weight.

- Motor/engine **Hatz 1B20**
model
- Output power **3 kW**
(As rated by the
engine/motor
manufacturer)
- Speed **11.5 m/min**
- Weight **110 kg**

FEATURES

Want to take a closer look? Learn more about the product in depth by exploring its features and benefits.

High compaction performance

Efficient compaction thanks to a powerful Hatz diesel engine attached to a durable gearbox delivering high speed and high impact force.

Easy to manoeuvre

The balanced design provides excellent traction and manoeuvrability. Good visibility of the rammer foot in operation, which enables timely movement.

- Durable design

Great ergonomics

The single lifting point and rollers on the steering bow make on-site handling easy. Transport wheel kit available as an accessory.

Operator friendly

The three-position throttle control (idle, full speed, stop/closed) enables ease of operation and also closes the fuel line when in the stop position to prevent leakage. The vibration reduced handle helps to reduce operator fatigue.

- Easy to service

SPECIFICATIONS

Engine

Motor/engine model	Hatz 1B20
Output power (As rated by the engine/motor manufacturer)	3 kW
Exhaust emissions (CO2 EU V)	987 g/kWh
Power/fuel type	Diesel

Dimensions

Plate length (mm)	330 mm
Plate width (mm)	280 mm
Weight	110 kg

Specifications

Speed	11.5 m/min
-------	-------------------

Sound and noise

Sound power level, guaranteed (LWA)	107 dB(A)
Sound pressure level at operators ear	95 dB(A)
