

DUST AND SLURRY EQUIPMENT

HUSQVARNA S 13

Art.no: 967 66 40 04

S 13 is a quiet-operating single-phase HEPA dust collector to match the power cutter Husqvarna K 3000, hand held grinders, small grinders 5-7", small scarifiers and drywall sanders. This professional dust extractor is an all-around construction vacuum for picking-up a wide range of building materials and debris. Equipped with a tested and certified HEPA H13 filter. Features include Jet Pulse pre-filter cleaning and vacuum meter for filter control. The non-marking wheels are puncture free and lock at the front. The Longopac® bag hose system ensures simple, dust-free bag changes.

FEATURES

Efficient filtration system

The three separate filtering stages result in longer working time between filter cleaning. The dust is filtered through a cyclone chamber, which separate the heaviest parts, up to 95% of the dust, before the washable main filter. The HEPA micro filters are individual tested and certified to capture 99.99% of the remaining silica dust in the respirable fraction (0.3µm).

Easy and efficient filter cleaning

The Jet Pulse filter cleaning system ensures high continuous airflow thanks to easy and efficient cleaning of the conical main filter without opening the machine.

Durable design

Corrosion-resistant steel clamps, welded frame with dust bag platform and durable steel handle make it ready to serve for many years.

Easy to transport

The welded frame enables easy transportation by resting the machine on the frame.

TECHNICAL DATA HUSQVARNA S 13

Art.no: 967 66 40 04

HUSQVARNA S 13

MOTOR

Rated input power	1.2 kW
Phases	1 ph
Voltage	220-230 V
Rated current	5.2 A
Frequency	50-60 Hz
Max. vacuum	220 mbar
Power source	Corded

PRODUCT DATA

Air flow	165 m³/h
Airflow at turbine	200 m³/h
Primary filtration area	1.5 m²
HEPA Filters 99.99% at 0.3 microns	1

DIMENSIONS

Suction inlet diameter	38 mm
Product size length	680 mm
Product size width	400 mm
Product size height	1,100 mm
Weight (complete product w/o side packed articles)	31 kg
Packaging length	400 mm
Packaging width	730 mm
Packaging height	1,230 mm
Article gross weight	39,000 g
