

Husqvarna CG 200

Husqvarna's CG 200 is a highly productive scarifier, designed to remove concrete fast and aggressively. Applications include removing coatings (heavy floor tile mastics and epoxy materials), light or heavy milling, grooving and texturing of walkways to make them slip resistant, removing trip hazards, and levelling misaligned concrete joints and uneven surfaces. Equipped with vibration-dampening handles for operator comfort, hour meter, height adjustment for precise depth of operation and central exhaust for dust extraction for a cleaner working environment. CG 200 is available in electrical (1-phase) or petrol versions.
