

HUSQVARNA LG 200 S

HIGHLY PRODUCTIVE COMPACTOR

LG 200 S is a compact, lightweight yet powerful forward and reversible plate compactor developed for smaller jobs, such as driveways and pathways, private house projects and narrow trenches. It is the ideal machine to use when macadam beds are thinner and you need nimble, responsive handling. Outstanding compaction efficiency, thanks to great centrifugal force, enables you to get the job done faster and squeeze more into your daily schedule.

FEATURES

KOHLER ENGINE

Equipped with a powerful Rehlko (Kohler) engine, the LG 200 S is a reliable and sturdy machine.

STRONG PROTECTION, EASY TRANSPORTATION

The heavy-duty steel frame protects the engine and transmission. The frame is also equipped with a lifting eye for easy transportation.

EASY OPERATION

The forward/reverse level and fixed handle grip make handling easy on all surfaces. You don't have to push/pull constantly during operation.

LOW HANDLE VIBRATION LEVELS

Great engineering and quality components minimise handle vibration levels and strain, therefore contributing to a safer, more productive and enjoyable workday.

SPECIFICATIONS

Art.no: 967 96 68-03 REVERSIBLE PLATE LG 200 S | Kohler | 500 mm

ENGINE

Rated input power	5.1 kW
Engine	Rehiko (Kohler) KD350
Power source	Diesel
Fuel tank capacity	4.3 l

COMPACTION EQUIPMENT

Plate width	500 mm
Vibration frequency	65 Hz
Centrifugal force	36 kN
Amplitude	1.9 mm
Operation speed	20 m/min

DIMENSIONS & WEIGHT

Product dimensions (L x W x H)	1281 x 500 x 1260 mm
Operating weight	248 kg

NOISE & VIBRATION LEVELS

Sound pressure level at operators ear	85.1 dB(A)
