

CONCRETE VIBRATORS

HUSQVARNA CF 67 T

Art.no: 967 96 73 01

Husqvarna CF is an electrically-powered frequency converter that enables you to power up your concrete vibrator system anywhere. The converter comes equipped with one to four outlets for powering AX and Vibrastar 42 Volt/200 Hz high-frequency electric systems. A permanent magnet delivers stable power.

FEATURES

Reliable output

Delivers stable output when connected to the main socket – 1-phase or 3-phase, depending on model.

Protection from overheating

For extra safety, the convertor features built-in protection that prevents overheating.

Reset button avoids unwanted restarts

In case of a voltage drop, the convertor will not restart until the reset button has been pressed.

Run up to four vibrators at the same time

To help you get the job done quickly and efficiently, the convertor features up to four outlets so you can run a maximum of four vibrators simultaneously.
