

POWER PACKS

HUSQVARNA PP 8

Art.no: 970 53 74 01

The PP 8 is a versatile electric power pack specifically designed for our WS 8 and PRIME™ product range, driven by high-frequency technology. It features a robust design for rigorous handling as well as an intuitive interface, complete with a digital menu, for a hassle-free user experience. This power pack effortlessly connects to both 3- and 1-phase power sources for added flexibility.

FEATURES

X-Halt™ – blade brake operation with PRIME™

Connecting your PRIME™ product to a PP 8 or PP 70 gives you access to the X-Halt™ blade brake function, capable of stopping the rotation of the blade in a fraction of a second.

Explore the modular power of PRIME™

PRIME™ stands for Powerful, Revolutionary, Intelligent, Modular and Electric. Which means great cutting, sawing and drilling power in a compact, sturdy and flexible package. If you need high-performance electric equipment that can handle most jobs, PRIME™ is for you.

Sturdy and durable

The machine body is of aluminium and ensures tough handling. Steady ground support ensures minimum contact to slurry.

Steady operation

Built in RCD and heavy duty connection ensures steady operation.

TECHNICAL DATA HUSQVARNA PP 8

Art.no: 970 53 74 01

HUSQVARNA PP 8

MOTOR

Output power	6.5 kW
Rated current (1 phase)	15 A
Rated current (3 phase)	15 A
Voltage	120-240 / 200-480 V
Frequency	50/60 Hz
Power Source	Corded

PRODUCT DATA

Water flow, min	3.5 l/min
Water pressure, max	7 bar
Water temp at min flow, max	25 °C
Pins	5

DIMENSIONS

Product size length	22 in
Product size width	7 in
Product size height	16 in
Weight	39 lbs
Weight (complete product w/o side packed articles)	18 kg
Packaging length	690 mm
Packaging width	300 mm
Packaging height	445 mm
Article gross weight	21,100 g
