

Husqvarna PP 490

With Husqvarna PP 490 electric power pack you can power your large wall sawing system Husqvarna WS 482 HF, including the wire saw Husqvarna CS 10, as well as your Husqvarna PRIME™ handheld power cutters and drill motor. This means more work done with less equipment.

⚡ Voltage **380-480 V**

Article number : POWER PACK PP 490 380-480 V | 50-60 Hz | CE | 5-pin - 967 64 98-01

FEATURES

Want to take a closer look? Learn more about the product in depth by exploring its features and benefits.

Flexible and efficient

Thanks to that multiple products can use the same power pack, you will increase your efficiency. You will need less machines at the job site and it will be faster to set up all machines on one power pack.

Compatible with the PRIME product range

PP 490 is designed to be used with K 6500, K 6500 Ring, K 6500 Chain and DM 650 in addition to WS 482 HF in order to help you on site. For instance when cutting a door opening, this modular system can handle both wall saw cuts and over cuts.

Adaptive regulation of software

A smart regulation of PP 490 gives WS 482 HF a fast adaptation of behaviour to different materials during cutting, similar to WS 220's behaviour.

- A powerful high frequency power pack

Minimum slurry

Automatic water valve minimises the soiling of water and slurry.

- Power pack unit separated from the cutting equipment

SPECIFICATIONS

Motor

Voltage

380-480 V
