

Husqvarna Vibrastar

Husqvarna Vibrastar is a reliable and robust series of concrete vibrators, designed for medium to high slump concrete. The ergonomic aluminum switchbox offers easy one-hand operation and reduces hand and arm vibrations. Dual fiber layers in the hose and oil lubricated bearings in the vibrator improve durability and reduce the need for regular maintenance.

- Frequency **200 Hz**
- Voltage **42 V**
- Hose length **5 m**
- Cable length **10 m**

FEATURES

Want to take a closer look? Learn more about the product in depth by exploring its features and benefits.

Lots of up time

Robust and reliable, this vibrator is designed to handle medium to high slump concrete and deliver lots of uptime.

Ergonomic design

The easy-to-use aluminum switchbox offers one-hand operation and reduced hand/arm vibrations, which means you can work longer without becoming fatigued.

Cost and energy efficient

Due to the low ampere consumption, the vibrator is energy-efficient as well as cost-effective.

Service-friendly design

When it comes to maintenance, the service-friendly design makes replacing bearings fast and simple.
